

Khulan Hoshartsaga

UX Designer

I craft meaningful experiences through functional and usable designs for people based on empathy and research.

PROJECTS

UCSD Badminton Club Court Sign-up System | Passion Project

Collaborated with a team of 2 software engineers to establish scope and project deadlines. Conducted user research through a survey and several user interviews.

In Creative Company Website Refresh | General Assembly

Collaborated with a team of 3 designers as the lead designer with fellow designers to revamp In Creative Company's current member experience. Incorporated the client needs with user research to produce cohesive designs within my prototype.

Netflix Conceptual Project | General Assembly

Collaborated with a team of 3 designers as the lead designer with fellow designers to create a conceptual feature on Netflix. Designed prototypes on Figma utilizing our research synthesis and results. Implemented prototype changes based on design critiques and user feedback.

EXPERIENCE
